Nachhaltigkeit / Sustainability

RIDDER – Nachhaltigkeit und Umweltverantwortung

Nachhaltigkeit und verantwortliche Unternehmensführung gehören zu den Managementprinzipien der RIDDER GmbH.

Um das Engagement in Bezug auf Nachhaltigkeit, Umweltschutz sowie soziale und ethische Verantwortung messbar und entlang der Lieferkette transparent zu machen, hat RIDDER 2022/23 erstmals am unabhängigen EcoVadis Corporate Social Responsibility Rating (CSR-Rating) teilgenommen und auf Anhieb den Bronze-Status erreicht. Beurteilt wurden die Themenfelder Umwelt, Arbeits- und Menschenrechte, Ethik und nachhaltige Beschaffung.

EcoVadis ist der weltweit größte Anbieter von Nachhaltigkeitsratings für Unternehmen. Bereits mehr als 75.000 Unternehmen lassen sich regelmäßig von EcoVadis bewerten.

Unabhängig vom Vorgenannten arbeitet RIDDER permanent an nachhaltigeren und betriebswirtschaftlich vertretbaren Lösungen hinsichtlich der Produkte und Verpackungen.

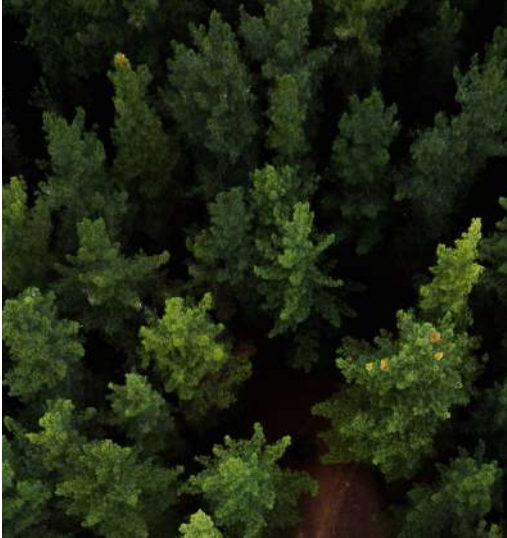

RIDDER – Sustainability and environmental responsibility

Sustainability and responsible corporate governance are among the management principles of RIDDER GmbH.

In order to make its commitment to sustainability, environmental protection as social and ethical responsibility measurable and transparent along the supply chain, RIDDER took part in the independent EcoVadis Corporate Social Responsibility Rating (CSR Rating) for the first time in 2022/23 and achieved bronze status at the first attempt.

The assessed topics were environment, labour and human rights, ethics and sustainable procurement. EcoVadis is the world's largest provider of sustainability ratings for companies. More than 75,000 companies are already rated by EcoVadis regularly. Irrespective of the above, RIDDER is constantly working on more sustainable and economically viable solutions with regard to products and packaging.

RIDDER – Durabilité et responsabilité environnementale

La durabilité et la direction d'entreprise responsable font partie des principes de gestion de RIDDER GmbH.

Afin de rendre mesurable et transparent son engagement en matière de durabilité, de protection de l'environnement et de responsabilité sociale et éthique tout au long de la chaîne d'approvisionnement, RIDDER a participé pour la première fois en 2022/23 au Corporate Social Responsibility Rating (CSR-Rating) indépendant d'EcoVadis et a obtenu d'emblée le statut de bronze.

Les champs thématiques évalués étaient l'environnement, les droits de l'homme et du travail, l'éthique et l'approvisionnement durable. EcoVadis est le plus grand fournisseur mondial de notation de durabilité pour les entreprises. Plus de 75.000 entreprises sont régulièrement évaluées par EcoVadis. Indépendamment de cela, RIDDER travaille en permanence à des solutions plus durables et économiquement viables en matière de produits et d'emballages.

RIDDER – Устойчивость и экологическая ответственность

Экологичность и ответственное корпоративное управление являются одними из важнейших принципов управления компанией RIDDER GmbH. Для отображения и измеримости своей приверженности к принципам неистощительного использования природы и природных ресурсов, охраны окружающей среды, социальной и этической ответственности, а также прозрачности во всей цепочке поставок, в 2022/23 году компания RIDDER впервые приняла участие в независимом рейтинге корпоративной и социальной ответственности EcoVadis (CSR Rating) и с первой попытки получила бронзовый статус. Оценивались такие параметры, как окружающая среда, трудовые отношения, права человека, этика и устойчивые закупки.

EcoVadis - крупнейший в мире оператор, предлагающий услуги формирования рейтингов в сфере экологичности. Более 75 000 компаний регулярно пользуются рейтинговыми услугами EcoVadis. Независимо от вышесказанного, компания RIDDER постоянно работает над более экологичными и экономически выгодными решениями в отношении продукции и упаковки.
